

easywash365+ wash brushes

Large areas are completely clean from now on!

- » By means of a very wide work surface of approx. 260 x 80 mm the **easywash365+** wash brush is especially designed for the efficient cleaning of large areas such as railway carriages, tramcars, omnibuses, caravans, trucks, boats and ships, facades, greenhouses as well as vehicles, motorcycles and many more.
- » Fine and extremely soft natural bristles with split ends ensure an especially gentle cleaning of sensitive surfaces such as windows and car finish. The solid body of the **easywash365+** wash brush consists of 152 bristle bundles which are attached undetachably by means of multi-component synthetic resin.
- » Our **easywash365+** wash brush convinces all users working in the self-service foam- and prewash of an ideal and very easy handling.
- » The soft coating of the body made out of thermoplastic elastomer demonstrably protects sensitive surfaces from damages.
- » The inlet of the **easywash365+** wash brush is equipped with a brass insert with 1/4" female thread which is fixed in the body. By means of an additional grub screw the high pressure lances available at self-service bays are safe from twisting and theft. Therefore, the grub screw needs to be screwed to the lance tube. Further fastening plates or protection against theft are not required.
- » 13 outlet ports at the bottom of the **easywash365+** wash brush enable the required water flow and guarantee a convincingly good foam quality at the same time.
